

EX1900 Mega Long Reach

Witnessed another mega delivery of Hitachi EX1900 long reach to our loyal customer. Our dedicated team went on-site to install the 190 ton of 30m long reach.

As we are equipped with the latest technologies in-house, manufacturing a huge size of quality construction equipment is not an arduous task for us. This enormous long reach has helped customer to carry out the task efficiently and effectively in a short period of time.

Certainly, nothing more exciting than to see our customer rejoice over the quality of our EIK products.

CONEXPO-CON/AGG 2017

Our EIK International Corporation team headed down to Las Vegas for the CONEXPO-CON/AGG event, which ran from March 7-11. Our EIK booth attracted customers from all over North America and even South America. Customers were given comprehensive information about our products, from long reach to bucket. They saw our products as being reliable and of good quality.

Held once every three years, CONEXPO-CON/AGG is definitely an exciting event where everyone from heavy equipment industries gathers together.

AM200 Amphibious Excavator

All done in-house, the EIK team worked around the clock to put the AM200 Amphibious Excavator together, attached with upper body CAT320D. To meet the deadline, our team put in great effort to assemble everything and was able to deliver the final product on time.

Despite the tight deadline, our team ensured that the quality of our product was not compromised. Final shipment of the product was met and customer was satisfied.

Staff Get-Together

Convened on Monday at the end of every month, the gathering known as EIK breakfast get-together has nurtured our relationship as a family.

Our Managing Director, Mr. KB Tiew gave a motivational speech to employees together with several announcements.

We took this valuable opportunity to meet and strengthen the bond of each and every staff member of EIK from different departments.

We constantly strive to find ways of building a stronger team to serve our customers better.

**WE BUILD WITH PRIDE,
YOU USE WITH TRUST.**
